

imaginarium™

Revolutionising the Drone Industry with Additive Manufacturing

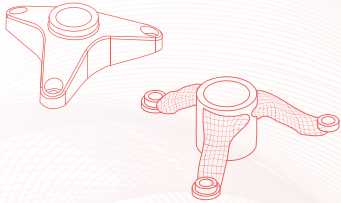

Start your Rapid Manufacturing and Prototyping journey with India's premier advanced digital manufacturing ecosystem.

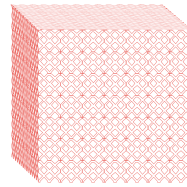

About Us

Imaginarium Rapid is revolutionising the digital landscape with its **end-to-end rapid & batch manufacturing solutions**, facilitating various industries through their journey of **product development to end-use applications**.

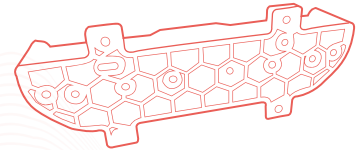

Our Services

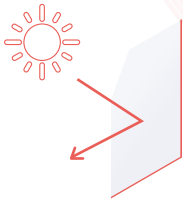

Topology Optimisation

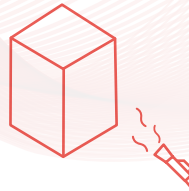

Lattice Framework

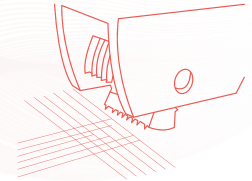

Insert Fitment Integration

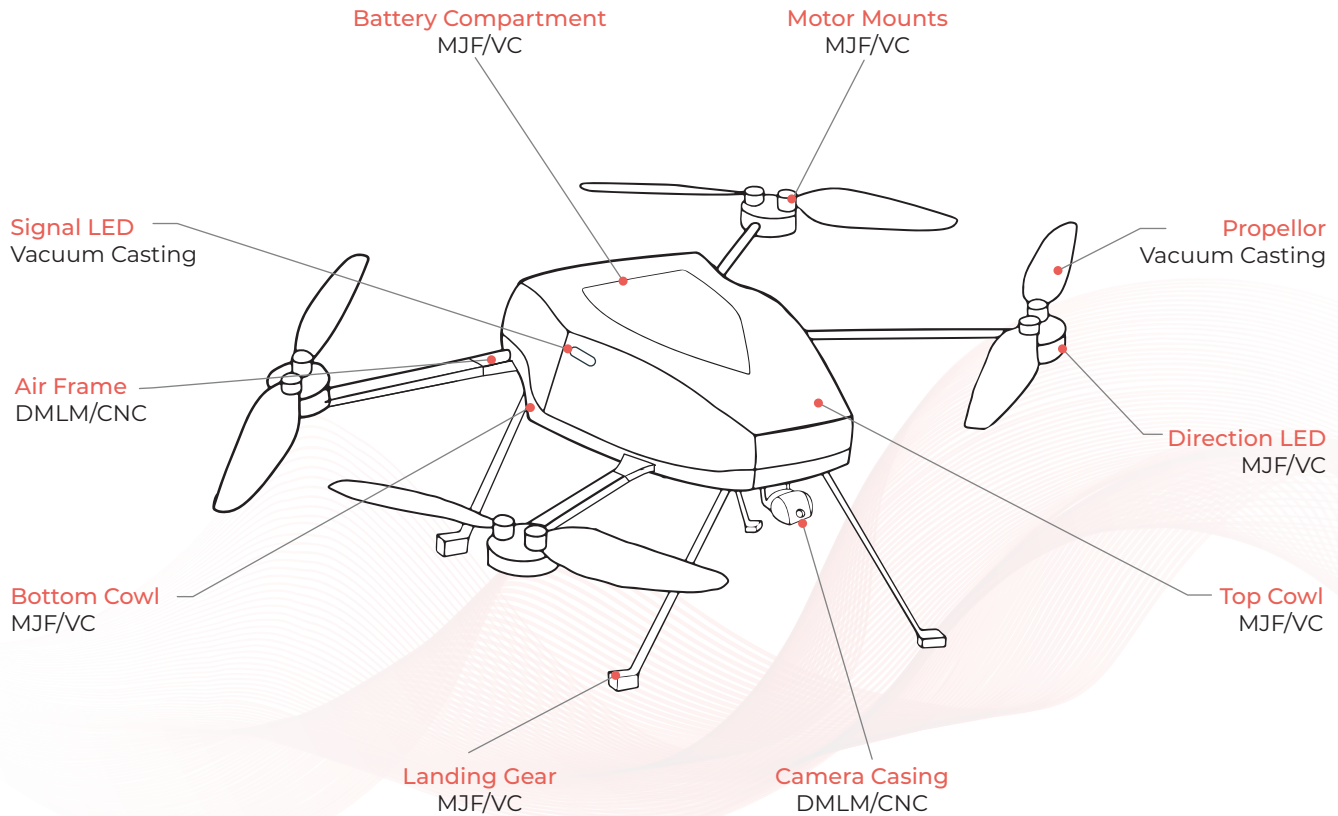

UV Resistant Paint
High & Low Temperature Paint

Counterbalance Painting

Cross-Hatch Test
Certified Painting

DMLM- Direct Metal Laser Melting (ADDITIVE)
MJF- Multi Jet Fusion (ADDITIVE)
VC- Vacuum Casting (FORMATIVE)
CNC- Computerised Numerical Control (SUBTRACTIVE)

3D Printing

Vacuum Casting

CNC Machining

Product Realisation

Rapid Tooling

Reverse Engineering

DfAM

Quick Facts

10,000+ Happy Customers

50+ Industries Served

16+ Years of Experience

1M+ Parts Produced Per Year

16+ Technologies Offered

35+ Industrial Printers

450+ Imaginarians
